## **CANADIAN'S HONOURED IN LONDON**

TORONTO, ONTARIO – June 30, 2009

Six Canadian's have been honoured for their outstanding contributions to Cricket in Canada by the International Cricket Council at the recently concluded Centenary week in London, England.

The Canadian recipients of the ICC Centenary Medals are Calvin Clarke, Clifford Cox, John Davison, Geoff Edwards, Jack Kyle and Martin Vieira.

Clarke and Cox have both served the Cricket Canada for over 30 years in various capacities and have been instrumental in building the game at both the regional and national levels. They are both current members of the Cricket Canada executive and instrumental in the workings of the organization.

Edwards and Kyle are both past presidents of Cricket Canada. Edwards presided over Canada's 2001 World Cup qualification run and saw the team into the 2003 Cricket World Cup where Canada achieved its first and only win against a full member country. Kyle has been a stalwart of British Columbia Cricket for a half century and his work especially with junior cricket has been an unparalleled success.

Arguably Canada's greatest player on the field, John Davison vaulted to international stardom with a century in the 2003 Cricket World Cup against the West Indies and has continued to play strongly for Canada since. He took 17 wickets in a first class match against the United States in 2004 and has the second fastest century and third fastest half century in the history of the Cricket World Cup.

Martin Vieira is the current Regional Development Manager for the ICC America's region but was a long time member of the Cricket Canada executive as well as holding various positions in Ontario and Toronto.

Cricket Canada is extremely proud of these Canadians and is grateful for their contributions.
